EDUCATION & EXPERIENCE.

Jennergy, Inc. | Seattle, WA
June 2017 – August 2019

VISUAL DESIGNER

Initially offered a full time position as a junior designer, I continued to advance my skills set and responsibilities as a part of the Jennergy design team. As a visual designer, not only did I execute multi-disciplinary design services, I managed project budgets and timelines, interfaced with clients, oversaw contractors and vendors, managed in-house IT and developed workflow solutions. Creatively, I offer extensive experience in both print and digital design. My areas of interest include strategic corporate identity, brand development, UI design, Ecommerce, and environmental design.

Jennergy, Inc. | Seattle, WA
November 2015 – June 2017

CONTRACT DESIGNER

My original contract began as a part time support staff to the senior designer and creative director. As my role here evolved, I grew into a production designer where my accuracy, speed, and ability to reproduce/advance existing design proved to be valuable to the organization.

The Copy Shop | Ellensburg, WA
October 2013 – June 2015

GRAPHIC DESIGNER

In this position, I completed projects with a focus on high quality design in an efficient and collaborative manner. I developed the ability to work on simultaneous projects under tight deadlines while establishing fundamental design capabilities. Prepress production practices were required for nearly all print projects; creating a genuine appreciation for masterful design from start to finish.

Central Washington University
2009 – 2013
